Hi Keir!

Thank you so much for your three fantastic performances of comedy and magic in Grand Junction. You are easily one of the top five acts we've ever had at LAF Comedy Club.

We have had nothing but praise calls for your magic shows on Saturday with everyone talking about the trick where you made your umbrella appear with the two of hearts. I am personally very pleased with your continuous comedy throughout the show that accompanied the magic tricks.

I am looking forward to working with you and your magician friend on a big theatrical performance in our downtown theatre. We hope to have the details finalized in Mid-January.

We at LAF are also anxiously awaiting your return to our club this spring. You will be at the top of our list for every upcoming private event that we host. Have a happy holiday and we'll be in touch soon!

Thanks again,

Geraldo Pazar, CEO
